Services at Our Lady of Good Hope Church At DeLisle, Miss.

At the beginning of the Holy Week the congregation of Our Lady of Good Hope Church at DeLisle was delighted to hear on Monday April 15 the Rev. Francis Xavier Toner, U. S. S. T., who in a superb sermon described Christianity throughout the ages until in our day with practical lessons.

The next day on Tuesday, April 16 Rev. Father Loyola O'Leary, M. S. S. T. addressed also the DeLisle congregation in the most touching sermon on the Lessons of Calvary.

These two sermons have made a great impression on the audience and will undoubtedly bear fruit on the souls for the great preparatory of celebrating in a worthy manner the greatest feast of the year "Easter Sunday" in singing the thrice Alleluia.

MARRIED HERE SUNDAY, APRIL 21ST.

A very pretty wedding was that of Miss Ann Mary St. Angelo, daughter of Mr. Frank St. Angelo and the late Mrs. Lula Morreale St. Angelo of New Orleans, and Mr. Luke Marengo, son of Mrs. Mable Marengo Nichols and the late Luke Marengo which was solemnized at 2:30 p. m. on Sunday, April 21 at Our Lady of the Gulf Catholic church, the Right Rev. Minneapolis In Lead In American Association

The Minneapolis Baseball Club seems to have something on the ball. They have won six out of eight so far. This speaks very well for "Zeke" Bonura, and we must not forget that these boys trained at Bay St. Louis. The old salt air down in this section must have been good for them.

It would be quite a move for the Millers to come from last place in 1945 to first in 1946. Perhaps the old boy from one of the Minneapolis papers, who told Mike Kelley that he should not come to Bay St. Louis, to train in a cow pasture will probably have to eat those words.

By the way we will probably see the Millers strengthened a bit with aid coming from the New York Giants. Mike Kelley sold his interest in the Minneapolis Club to the New York Giants. He is to remain as President of the Club, Roy Ryan as business manager, and "Zeke" will remain as player, manager, and the word is that some players will be sent to "Zeke" from the Giants. We are pulling for the boys from Minneapolis to come out on top, and we hope that the change of ownership will not affect plans for their return to Bay St. Louis next year, with the exception that they might influence the New York Giants to come along.

Overflow Crowd Attends Easter Mass At Our Lady Of Good Hope Church, DeLisle, Mississippi

It was a magnificent display of religious fervor shown Easter Sunday by the overflow crowd of three hundred persons who attended the imposing High Mass at Our Lady of Good Hope Church at DeLisle, Right Reverend Canon S. J. Sorin being the celebrant.

This vast gathering of the faithful was all the more gratifying in view of the fact that there are only one hundred and twenty-five Catholics in the Parish. There were relatives and friends from all over the coast and also some from Louisiana. The choir was splendid and beautifully trained. The Altar was decorated in a most artistic manner being resplendent with flowers of different species, predominant were the Easter lilies and ferns. The Altar cloth being a masterpiece of embroidered imported linen. Canon Sorin's sermon on the Resurrection of Christ reached the hearts of all present. This is a tribute to the magnificent effort of Canon Sorin whose Fifth Jubilee as Pastor will be June 12th of this year.

He was ordained to the Priesthood in June 1939, and volunteered to come to the Diocese of Natchez, arriving on September 2nd, 1939. He received his first appointment as an assistant at Our Lady of the Gulf, Bay St. Louis, and has been here since that time.

Upon his return to Ireland, he will visit with his parents and family for six weeks, before receiving his first appointment in his native Archdiocese of Tuam, for which Diocese he studied and was ordained.

Father Clark has been tendered several farewell parties.

KNIGHTS OF COLUMBUS ACTIVITIES

On Easter Sunday, the members of Pere Le Duc Council of the Knights of Columbus received Holy Communion in a body at Our Lady of the Gulf Church.

It was most gratifying to see 84 men receive Holy Communion in a body, at the 7 o'clock Mass. And it was noted that quite a few, who could not attend this Mass, received Holy Communion at one of the other masses. The local membership of the council is to be congratulated.

It has been announced that an initiation will take place in Biloxi, Miss., on Sunday, May 5th and since several candidates will be initiated for the local council, at this time, a nice representation is expected.

Among the local council activities is the forming of a Knights of Columbus softball team, under Coach John A. Scafide and the prediction is that this team will be ready to compete with the "best of 'em" in the softball league, which Mr. Scafide has worked so diligently to organize. Johnny requests that any who are interested in entering a team, kindly contact him at the earliest possible time.

Plans are being formulated for the State Convention of the Knights of Columbus, which will be held in Bay St. Louis, the latter part of May. A large number of visitors and delegates are expected to attend. A complete program of business and entertainment will be published at a later date.

A chicken and spaghetti supper was given on Monday, April 22nd at the K. C. Home, honoring Father William Clark, who leaves shortly for Ireland. Father Clark has been very active in the local council and in order to show their appreciation, many members attended the supper, to bid him farewell and to express their regrets at his departure. Father Clark has been in our midst for some time and has made a host of friends and as a tribute of their esteem the Knights of Columbus council presented him with a purse, with the sincere hope that he may return some day, and to wish him "Bon Voyage."

The handsome new Neon sign of large K. C. Letters, recently installed on the front of the Knights of Columbus Home is very attractive.

FATHER WILLIAM C. CLARK

ON next Wednesday, Reverend Father William C. Clark will leave Bay St. Louis for Ardree, Claremorris, County Mayo, Ireland, to continue his priestly duties in his native land. He completed his studies at St. Patrick's College, Maynooth, County Kildare in June of 1939. The Diocese of Natchez at that time was in urgent need of priests and Father Clark volunteered to come to Mississippi to serve for a period of five years. He was assigned to Our Lady of the Gulf Parish in Bay St. Louis and has remained here for the past seven years, not having been able due to the war, to return to his native Country.

Quiet, and unassuming he has performed his priestly duties in a manner that has endeared him to the people of this parish. It is with regret that they see the time fast approaching when they must bid him farewell, however, they realize that on the other side of the ocean, his mother and father and brothers and sisters are anxiously awaiting his return. We can visualize the preparations that are being made. How that mother and father, whose son has given his life to God's Work, are awaiting the day when he will be near them, there to continue his work in the vineyard of His Master, among his own people. Oh! how much happiness it will bring to them in their retiring years.

With these thoughts in mind his many friends in the Parish of Our Lady of the Gulf will bid him a fond farewell, wish him continued success, and assure him that he shall be remembered in their prayers.

EVERYBODY CAN GUESS

THE people opposed to conscription or universal service in time of peace evidently believe that there will be no more war or that, if one comes, the nation will have a year or two in which to train fighting men.

They overlook, we think, the fact that the United States was helpless, from a military standpoint, in 1940 when the Germans were threatening to invade the British Isles. Had the Nazis taken the little islands they could have sent a couple of armored divisions to this country and occupied the land of the free which would have been the grave of the brave.

The next war, according to other thinkers, will start with a bang. The bang being an atomic attack, delivered suddenly and without warning. Thereafter it will be up to the manpower left and if it isn't trained, you can imagine what will happen.

HAVE YOU LOST A BOND?

THERE would seem to be a surplus of money in the country, at least for some people.

The Treasury Department reports that \$23,000,000 in 1935 Series A Bonds had not been turned in for cash although interest on them stopped last year. The same is true about \$13,300,000 worth of Liberty bonds bought during World War I.

You might as well check up on your holdings. Maybe, and it is maybe, you have an interest in the \$36,300,000. We hope so!

There eventually comes a time when anybody gets tired of work.

A little prominence does not go to the head of a prominent person.

Most of the news that you read happens because a reporter was around.

You can't please all the people all of the time but politicians have to please a majority.

An executive is a business man who has to work hard to find work for the staff to do.

There is always a furore about some public issue; we wonder what the world will be discussing a few hundred years from now.

If you want to see your name in the newspaper send in an interesting item about yourself. It is being done by the best publicists.

The Russian people evidently think that the rest of the world is doing what they think the Russians are doing; sitting up nights to figure out a way to encompass the globe.

THE LEGISLATURE

The recent session of the Legislature convened in Jackson on the 8th day of January and concluded its work on April 5; but technical adjournment did not come until April 10. It was not the longest session in the history of the state, but it appropriated more money than any other session; and the number of laws passed exceeded any other session. It is impossible in this brief space to give a comprehensive review of the constructive laws enacted, but it may be said that much good was accomplished by the session. The amount of money appropriated was approximately one hundred five and a half million dollars, and the number of laws passed was about 1629. Many of the appropriations made were for causes which will not come up again, hence the amount does not tend to establish that figure as a future budget. A progressive program of highway construction was provided; and a constructive system of state hospitals will be set up under the new laws featuring a four-year medical college for the state. The laws on motor vehicle registration and the collection of gasoline tax were completely revised and rewritten. Public schools and state colleges were well cared for by the largest appropriations ever made for education in the state.

TAX COLLECTIONS

Since the first of January 1946, three months and sixteen days, the Tax Commission has collected \$12,789,017.85, which exceeds collections in the same period of 1945 by more than two and a quarter million. If this rate holds up through the year the \$34,070,650.29 collected in 1945 will be exceeded this year by more than nine million dollars. Substantial increases are shown this year in the sales tax and the collections on tobacco, beer and wine, crude oil and other sources. The general fund balance in the state treasury at the close of business on April 16 was \$13,379,435.78.

TRAFFIC DEATHS

Traffic deaths in January and February of 1946 soared 47% above the same two months in 1945. In the first two months of 1946 traffic deaths in the United States were 5,450, compared with 3,700 in the same months of 1945. In January and February of 1946 there were sixty-four traffic deaths in Mississippi as compared with twenty-seven in the same two months of 1945. Total traffic deaths in the United States in 1945 was 28,500.

"MALABOUCHA"—MISSISSIPPI

Mrs. Julia Conner McCoy, on the staff in the office of the Secretary of State, has written both words and music of a splendid and inspiring song on Mississippi or the theme and title of which she used one of the Indian names for Mississippi, "Malaboucha." The House of Representatives passed a resolution commending the song and inviting Mrs. McCoy to sing it to the House, which she did, and made quite a hit with it.

ORTTE THEATRE SUNDAY - MONDAY "TANGIER"

Maria Montez, Robert
Paige with Sabu, Preston
Foster

"Tangier," Universal's high-powered melodrama about international underworld dealings in the North African port of Tangier during the latter part of the war, comes Sunday and Monday to the Ortte Theatre to show Maria Montez in the first modern role of her career.

Co-starred with Robert Paige and Sabu, Miss Montez, portraying a Spanish girl from Madrid who pursues her hated enemy to the North African International Zone, gets her first chance to handle a seriously dramatic role.

The film story of intrigue and romance in Tangier was written by M. M. Musselman and Monty F. Collins from an original story by Alice D. G. Miller. Paul Malvern and George Wagner were producer and director respectively.

Plot Is Absorbing

In the plot Maria becomes a night club dancer in a Tangier hotel, and there she befriends Robert Paige, who portrays a discredited American newspaper reporter also looking for the same man for a news story that is expected to blow the international scene wide open.

National Home Demonstration Week

The 25,000 home demonstration club women in Mississippi, along with other members throughout the United States, Alaska, Hawaii and Puerto Rico, will observe the week of May 5-12 as a National Home Demonstration Week, according to Miss May Cresswell, state home demonstration agent. The theme will be "Today's Home Builds Tomorrow's World."

"This week has been set aside," Miss Cresswell says, "to call attention to the progress made in rural family and community living by the home demonstration program. Through meetings, exhibits, tours and radio programs, these women will show the opportunities offered by home demonstration work and encourage wider participation in the program."

"Around 60,000 Mississippi homes were influenced by the home demonstration program last year. Home demonstration club members themselves gave direct assistance to 7,800 non-club members."

"The results of this influence—home-grown food supplies, well made, attractive wardrobes, remodeled homes, refurnished furniture, time-and-labor saving equipment, handicrafts, landscaped yards, improved schools and churches, community centers for recreation and canning—will go on display during this week."

"Home demonstration work, which started with tomato canning in a few southern communities in 1913, has expanded to embrace every phase of rural family life. It was built around help with foods and nutrition, clothing, household management and home furnishings, handicrafts and recreation."

"Now, rural families are asking home agents for help with health and medical care, housing, farm and home financial planning, work simplification consumer education, child care and parent education, community welfare and citizenship responsibilities."

Veterans Problems And Answers

Q. How does the Veterans Administration determine the amount of pension to be paid a disabled veteran?

A. The Veterans Administration has rating boards that review the veteran's medical records. These boards decide how much he is disabled and award him a pension based on the percentage of his disability. The awards range from \$11.50 to \$115.00 per month.

Q. When a veteran applies for a loan to buy a home does he have to pay the appraisal fee on the property?

A. Yes. However, the veteran may arrange with the lender for payment of this fee out of the loan.

Q. Can a veteran go to a college or school as long as he wants to?

A. Veterans are entitled to one year of schooling, plus one month of schooling for each month of active duty in the armed services up to a maximum of 4 years.

Q. If a veteran becomes disabled while taking on-the-job is this considered the same as a service-connected disability?

A. Yes.

Q. Are all veterans entitled to free private dental care?

A. No. Only veterans with service-connected conditions are entitled to this service.

Q. Can a veteran convert his National Service Life Insurance Policy into a 20-year or 30-year endowment?

A. No. He can convert his term insurance only to ordinary life, 20-payment life or 30-payment life policies.

Q. Is the widow of a woman veteran entitled to pension at her death, and are the children entitled to any pension?

A. A widow is not entitled to pension under the present law, but surviving children may be.

SUNDAY & MONDAY A. & G. THEATRE "TOMORROW IS FOREVER"

Emotional Dramatic Romance Stars Claudette Colbert, Orson Welles, George Brent

Hailed as one of the most appealing domestic dramas in screen annals, "Tomorrow Is Forever" stars the distinguished trio of Claudette Colbert, Orson Welles and George Brent, for International Pictures. The production, based on Gwen Bristow's novel which ran in "The Ladies Home Journal," is built upon a suspenseful emotional situation.

As Elizabeth MacDonald, who lost a husband in the first World War and cannot face the thought of losing her son Drew in the second conflict, Miss Colbert has a role of exceptional intensity. Welles plays the husband who, reported missing in action, prefers to let Elizabeth think him dead, goes on living abroad under an alias rather than return, crippled and disfigured, to the woman he loves.

Elizabeth marries again and Drew grows up thinking Larry Hamilton (Brent) head of a big chemical firm, is his father. Twenty years from the time of his disappearance MacDonald returns and becomes an employee of Hamilton and a visitor at his home. He betrays great interest in his former wife and in Drew, but remains unidentified behind a plastic surgery change of features.

When Drew determines to go to Canada and join the RCAF, Elizabeth grows hysterical. The mysterious Kessler takes a hand in the highly-charged domestic atmosphere and in a memorable climax resolves the problem of the boy's career and the wife's maternal complication as well.

With its provocativeness of theme and the eminence of its cast, "Tomorrow Is Forever," is said to be one of the really outstanding pictures of the year. Not the least of its attractions is its introduction of a sensational young actor Richard Long, 17-year-old Hollywood High School lad who plays the part of Drew, and who seems to be headed for a notable screen career.

Lucile Watson, as Brent's kindly aunt, Natalie Wood, as Welles' adopted daughter and Sonny Howe as Elizabeth's younger son, have other important supporting roles in the David Lewis production for RKO Radio release.

"Tomorrow Is Forever," was directed by Irving Pichel. Lenore Coffey wrote the screenplay from Gwen Bristow's novel and Ladies Home Journal story.

In real life, Minnie Pearl is Ophelia Colley, and she was born at, believe it or not, Grinder's Switch, Tennessee near Centerville.

Minnie began her career, after leaving high school and Ward-Belmont where she specialized in dramatics. She started giving socials and plays first around the country side and later, she joined a national company and gave shows all over the south. Many of the places where she appeared had no hotels or rooming houses and she had to live with some of the folks whose children were in the play. Here she learned the lovable, yet humorous in many cases, doings of the household.

She understands human nature and in particular, the people she plays to, she never talks down to her audience, she is one of them and talks with them, never at them, which is the key to success.

Minnie was the comedienne of the Camel Caravan, playing Army Camps, Marine Barracks, and Naval Bases. Ask G. I. Joe, he will tell you that this comely Miss helped him when the going was tough in basic, if he saw the Caravan.

Minnie is currently featured over the Price Albert Grand Ole Opry, Coast-to-Coast via the NBC network. Don't miss this show when it comes to Bay St. Louis on Tuesday, April 30, on McDonald's Lot, Ulman avenue.

Meet the LARGEST FAMILY in the South

Telephone folks make up a big family—a total of more than 36,000 people. They are the largest group employed by any single company in the nine southeastern states we serve.

Add in Mom, Dad, Susie and Joe, and close kin—and the number quickly grows into a large portion of the population interested, directly or indirectly, in supplying you with the kind of telephone service you want.

They are your friends and neighbors—the kind of people you like to meet, to know, to visit with. They are keenly alert to civic movements... eagerly participate in community activities.

With their earnings and purchases, they are an important factor in local prosperity. And you'll find them everywhere—for the Telephone Company is a local business, multiplied by all the many localities where we serve, and operated by hometown folks like you.

We're proud of the telephone family. You can be too.

OPA Director

"American newspapers have set a standard of public enlightenment throughout the world," W. E. Holcomb, OPA Director, said today commenting on the 24th anniversary of newspapering in this country.

It was on April 24, 1904, that the first newspaper in the United States, the Boston News-Letter, was published, Major Holcomb pointed out, adding that from that humble beginning sprang today's extensive system of daily and weekly newspapers which keep the public informed on all vital topics.

The OPA official also expressed appreciation to the newspapers of Mississippi for their cooperation in carrying price and rent and rationing news to their readers.

"Without the full support of these newspapers, it would have been extremely difficult to keep our people so fully informed of rationing, rent and price control regulations," he said.

"Today, Mississippi newspapers are doing another good job of warning their readers of the all-too-real dangers of inflation, and the disaster that would come with runaway prices," Major Holcomb added.

Land Prices Not Controlled

Mississippi farmers who have expressed alarm over the rapidly mounting costs of farm land, were reminded today by OPA District Director, W. E. Holcomb, that farm land and other real estate is not subject to price control.

He pointed out to the 13 per cent increase in farm land values during the past 12 months, with over half of that increase in the past four months alone, and indicated such a "false jump in value" was very similar to what farmers experienced after World War I.

During that period of high prices, Major Holcomb recalled, hundreds of thousands of families bought extensive property at inflated prices. Later 450,000 of these buyers lost their farms through mortgage foreclosures when the bottom dropped out of farm prices during the destructive depression of the early '20's, Major Holcomb said.
